## TOPICS

"Topics" first made its appearance in your letter boxes on 18 May 1955 and was the brainchild of Mr BILL McEWAN, now Regional Commercial Officer, Upper North Port Augusta with the help of his wife Laurette. When the McEwans' left town later that year, the paper was taken over by the late Mrs CLARE KNUCKEY who carried on the good work until May 1960 when due to ill health it was necessary for her & her husband to transfer to Adelaide. The editorship was then left in the very capable hands of Mrs KATHIE BOCK who skillfully carried on until her retirement in December 1969.

We would like to thank you all for your support & interest in the past - particularly the advertisers, and you, the subscribers, who have made this paper financially possible - also those who have helped with articles and items of interest, our delivery officers, & our happy little staplers who have so willingly stapled the paper together each fortnight. Special thanks to ETSA for all the support and help that is given

We are sure you will continue to give the encouragement and support that you have all so willingly given in the past.

Safety  SID says:

Each time the fire siren sounds the stage is set for numerous road accidents to occur.

Some accidents have been caused, a lot of near misses have occurred, and as sure as our fire siren will sound again more accidents will happen in the future UNLESS more thought and care is taken at these times of emergency.

Fire and ambulance crews are being asked as part of their training to drive safely when answering a fire call. The time gained by speeding to a call is negligible. We can all help at these times. Adults by resisting the temptation to "see where the fire is" and leaving their car

inside the gate, and children by not pouring on to the roads on bicycles and on foot.

For the safety of all and the smooth operation of our fire protection service, take heed of Sid's advice and stay at home if you are not a member of one of the Service Groups involved.

On 15 April 1972, the Secretary and myself visited Bourke N.S.W. to attend the first Annual Conference of I.C.P.A. the Isolated Childrens Parents Assoc. The meaning of an Isolated Child was defined as follows:- "A child who through geographical reasons, has not reasonable daily access to an appropriate school".

During May '72 there will be a conference in Canberra of State Ministers of Education, during which the problems of Isolated Children will be discussed, it is hoped that a positive policy, on this most deserving matter will be determined.

St Pauls Retreat, Glen Osmond was the Church chosen by TONI McPHERSON and CHRIS PAPAILOU for their marriage on the 29 April.

Toni wore a slim fitting white velvet gown made on classical lines and her headgear was a hood of the same material.

The two very attractive Bridesmaids, Liz Lukman and Kathryn Teakle wore red velvet gowns made on similar lines to the Bride's gown. Bride and maids carried white carnations. Chris was attended by Darcy Papailou and Neville McPherson.

Ex Leigh Creekers at the wedding were: Joan & Wendy CLEMENT, Mr & Mrs L LEOLKES, Mr & Mrs AL FADDY, Mr & Mrs C KENDRICK, Mr & Mrs L O'TOOLE, Mr & Mrs P STEWART, Mr CRANE, Mr K LAMBERT and Mrs Beth FERGUSON.

The wedding cake was made by Mrs Moira STEWART and was beautifully decorated in the white and red theme of the girls' frocks.

The recent, award winning film, THIS MAN, based on the play by Solomon Islander Francis Bugotu, studies the impact of Western culture on the man of the Pacific.

"I see an old life, I see a new life; Where is my life?"

Can this film be applied to the Aboriginal man as he is confronted by White Australia?

To be screened after the 7.30pm service at St. LUKE'S on Sunday 14 May.

CONGRATULATIONS to Jenny and Ray DAVIES (Ardrossan) on the recent birth of their Son STEVEN TROY 27/4/72.

The next meeting of the Catholic Women's League will be held on Tues. 23 May at the home of Mrs R Hines. The main topic of discussion will be the TRADING TABLE to be held on Sat. 27 May. YOUR SUPPORT is needed to make it a success.

Nice to see all our boarding Students back in town for the May holidays. We hear that Miss VERONICA Finn is now attending the Sacred Heart College in Adelaide.

A speedy recovery to all on the sick list this week:-

Mrs BERYL GILL (Burnside)  
Mrs FLO RICK (Leigh Creek)  
Mr JIM DINGWALL (Leigh Creek)  
Mrs BETTY BIENKE (Adelaide)

Nice to see Mrs JOAN ASHCROFT and Mrs LORNA KAMPROD on the road to recovery.

CONGRATULATIONS to Mr RON HATCH who completed 10 years ETSA service at Leigh Creek on 9/ 5/72.

Lovely to see a very 'grown up' Miss JOANNE HARRIS visiting her old home town again. Joanne is staying with the Taylor family.

"I had no idea" - these were the very surprised words of Pop Hatch when his seven children and families arrived on his doorstep last Saturday to be with him on his 76th birthday.

An enjoyable tea was held at the Iron Knob Hotel at the conclusion of which Poppy was presented with a walking stick and his birthday cake - in the shape of a football and in the colours of his favourite team, Sth Adelaide. The family then returned to the homestead where 60 odd friends were waiting to help him continue the celebrations.

A very successful 'Kindy' Cabaret was held on 29th April and we say "CONGRATULATIONS" to Miss Renata BOGUCKI (Bell), Mrs L VASILUNAS (Matron) and Mr D ASHCROFT (Beau). The band was good, a bit loud for some but just right for most. Special thanks to the Admin girls who printed and sold the tickets.

Another surprise party. This time for Mrs MARY MANN on the occasion of her recent birthday. A very pleasant 'sing-song' evening was held for Mary at her home. Another surprise was when son Jeffrey and his wife Carine rang from Mt Tom Price W.A.

"Windbag"

reports as follows:

Last 'Topics' I predicted that the Blues would come home in front of the Reds at the final bell, but, I was proved wrong although it was a close game with Reds 3 goals up at the end. This game was below standard with both sides fumbling the catches and misdirecting their passes. This is mainly brought about by not being fit.

For the Reds I thought that Lorraine Woolfy was a power of strength in defence, turning back the Blues attack time and time again and at the other end of the court, Anna Testa was doing everything right.

Well Blues I thought that after you had tasted victory last game that you would carry on in this game but I am sure you never had that will to win which you had the previous game. I will admit that you had some triers but you never had enough of them.

Judy Hick gave her best for 3 1/4 quarters of the game and I felt that when she tired near the end of the match, this was where the Reds won the day.

Nice going Judy.

J Henti was solid in defence and Broad Ward did many good things - BUT BLUES YOU MISSED TOO MANY SHOTS.

The Blacks had a comfortable win over the Orange team winning by some 8 goals and how they did it I'll never know. The Blacks have players like Brenda H, Rhonda S and Kay E all mothers (and some of them nearly Granny's), running rings around teenage girls. Don't get me wrong if you think that I favour the Blacks, I dont, but they have got that will to win, they do play as a team and last but not least they dont fight and argue amongst themselves and this is what is winning games for them.

I thought the Skipper of the Blacks was a power of strength all day and ably supported by Rhonda and Kay. Your ball handling and passes were on the rough side Blacks.

The Orange girls missed their 2 senior girls in defence but no excuse girls you still had 7 girls in your side. Your biggest weakness is that you do not possess that will to win that ball, and if you fail to gain possession at the first attempt, most of you give up.

For the Orange I thought that Helen B was their best, followed by Mary T and Sherie W. Orange you have one very good netball player, but she must learn to control the old Paddy and Sherie, please look before you pass.

Well Demons, you can certainly count yourselves very lucky to get away with this one. Full marks to Green for a good effort and you almost made it. Pity you had to stand

around patting yourselves on the back when you were in front. More attention to playing the game instead of worrying about the umpire's job could have helped. I often wonder why the umpires help out week after week when according to the players they hardly ever do a thing right anyway - Lay-off a bit girls.

A quick look through the Demons' line-up reveals plenty of talent & you must be wondering how you nearly went down. You didn't due to some good defence work by Sheryl N, Libby H (moving around the court like a 2 year old filly), which helped to drive the ball into Val H who must have had a thousand shots for goal. Full marks to Greens for making use of most of your chances and a lot of credit to Mary S for her inspiring play - Mary W and Bev T also showed that retirement is still a long way away yet. Your goalies too helped out by not missing on many of their chances to score.

TIPS for Saturday

Blacks v Greens - This should be a close one, but I think that the Black team are fitter and more dedicated to the game, so I'll pick them.

Demons v Blues - The Demons will be far too strong for the Blues and this should be an easy 2 points for them. The Demons for this one by a mile.

Reds v Orange - Could be close with both sides having girls out, but I think the Orange will miss Lightning foot Beal and Battler Milde more than the Reds will miss any of their girls (if any). The Reds for this one.

PS I hear that one of your umpires has been to Adelaide to pick up a few of the latest rules!

# Football --

The Annual General Meeting of the Leigh Creek and District Football Club was held in "A" Block on Wednesday 3 May 1972. This meeting coincided with a visit from three members of the Marree Football Club who had come to make arrangements for this years football matches.

The club's 1972 Committee was voted in as follows:-

- Patron: L Daulby
- President: R Renshaw
- Secretary: R Wiles
- Treasurer: J Kamprod.

Committee Members: P Smith, M Davies, and G Blake.

Social Committee:  
K Corbell, J Corbell, T Moroney, P Daulby, G Perkins, B Bond.

Ball Steward: M Davies.

Uniform Steward: K Corbell.

Timekeeper: R Dermody.

Goal Umpire: K Corbell.

Boundary Umpire: G Blake.

There were only two nominations for Captain-coach. Those being P Smith and D Clohessy. It was decided at the first main practice on 9/5/72, that the players vote for the coach or Captain-coach.

After the Annual General Meeting was closed there was a Committee Meeting with the Marree visitors. Following on from other seasons, it was decided that we have six matches at fortnightly intervals with a Grand Final after these.

The first match is to be played at Leigh Creek on Sunday 28 May 1972.

Due to the long weekend in June 12, the next main match is to be played at Marree on 18 June, then Leigh Creek on the following Sunday 25. Then as follows:

- Marree 9/7/72
- Leigh Creek 23/7/72
- Marree 6/8/72

The Grand Final will be played at the ground chosen by the team that has the greater no. of points or percentage.

At the moment, there will be practice every Tuesday and Thursday

nights straight after work.

There are very strong rumors this year circulating from Marree, that this is THEIR year. It has even been predicted that Leigh Creek will not even win one game. We therefore hope that every practice night we will have a full attendance. Remember, you only play as well as you practice.

To all those interested in playing, EVERY Tuesday and Thursday nights. On the long weekend in June we have received an invitation to play against Iron Knob team. Would all those interested in going (there will be a bus arranged) please let one of the committee members know as soon as possible.

## THE FUNCTION OF AN EXECUTIVE

As nearly everyone knows, an executive has practically nothing to do except to decide what is to be done; to tell somebody to do it; to listen to reasons why it should not be done; why it should be done by someone else, or why it should be done in a different way; to follow up to see if the thing has been done, to discover that it has not, to inquire why; to listen to excuses from the person who should have done it; to follow up again to see if the thing has been done only to discover that it has been done incorrectly; to point out how it should have been done; to conclude that as long as it has been done, it may as well be left where it is; to wonder if it is not time to get rid of a person who cannot do a thing right; to reflect that he probably has a wife and a large family, and that certainly any successor would be just as bad, and maybe worse; to consider how much simpler and better the thing would have been done if one had done it oneself in the first place to reflect sadly that one could have done it right in twenty minutes, and as things turned out, one has had to spend two days to find out why it has taken three weeks for somebody else to do it wrong.

# Kill TEN WAYS TO ANY ORGANISATION

1. Don't come to the meetings.
2. If you do come, arrive late.
3. If the weather doesn't suit you, don't come at all.
4. If you do attend the meeting find fault with the officers and other members.
5. Never accept an office, as it is easier to criticise than to do things.
6. Get sore if you are not appointed on a committee; but if you are appointed, don't attend.
7. If asked by the chairman to give your opinion regarding some important matter, tell him you have nothing to say. After the meeting tell everyone how things ought to be done.
8. Do nothing more than is absolutely necessary; but when other members roll up their sleeves and willingly use their ability to help matters along, howl that the organisation is run by a clique.
9. Hold back your subscription as long as possible, or don't pay at all.
10. Don't bother about getting members - let the other fellow do it.

TO WHICH CATEGORY DO YOU BELONG?

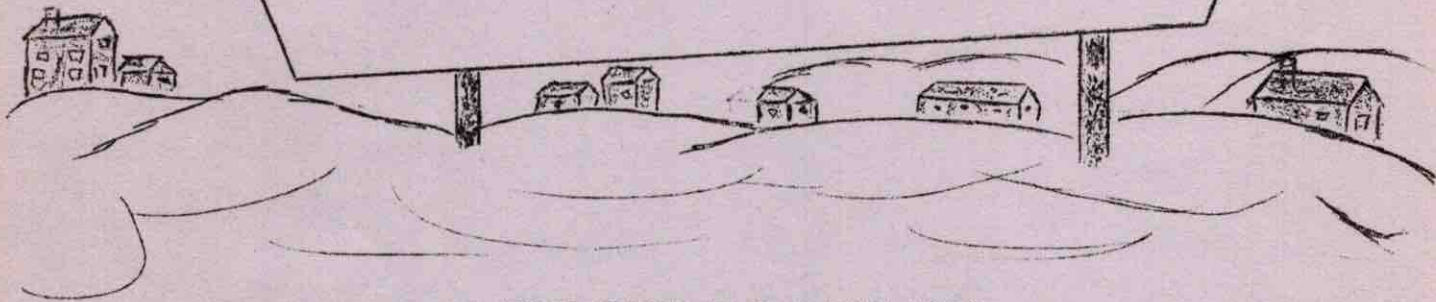

From the Schedule of Electrical fatalities in S.A.

Received a fatal electric shock while using a portable electric drill to drill a steel post. Two extension cords were used to connect the drill to the general purpose outlet and these were both faulty. Lack of insulation on the 3 conductors comprising one flexible lead allowed an active conductor to contact the earth conductor in the plug top. The joining lead connected to the general purpose outlet had an open circuit in the earth conductor and this conductor was not attached to the earth pin in the plug top.

My MOTHER-IN-LAW again.

When she went to the hospital to have her jaw x-rayed, the only thing they could get was a motion picture.
