TIME PAYMENT

Martin was known among his friends for the punctuality with which he sent his wife her alimony payment each month. When asked the reason for his haste, he shivered and explained: "I'm afraid that if I ever fall behind in my payments, she might decide to re-possess me."

Dear Sir,

For several years I have been following your publication with enthusiasm and interest.

I am sure Sir, you would appreciate some constructive criticism and I take the liberty to voice my opinion.

(a) Social reports (specially weddings). Why does your reporter describe only the attire worn by females? It is nice to read that Mrs X wore a pink laced gown, black underwear etc., but what about Mr X. Was he present? Did he appear in any form of dress or did he take part as "Adam in Paradise?"

(b) Space fillers are a special favourite of mine, but always we, poor unliberated males are on the losing side.

This makes me wonder if:-

- i. you are very effeminate
- ii. married and fully under your wifes thumb
- iii. and you Sir, are by chance "Dear Madam."

I am, dear Sir, yours etc.,

"Curious facts loving citizen"

Dear "Curious",

I never realized the Males of Leigh Creek were suffering so much, and I promise to look after you better in the future. Here is a little some-

thing to boost your ego!

BULL STATISTICS

1. A prize bull becomes a proud father 50,000 times.
2. Bulls live only 10 years, which figures, when you consider statistic one.
3. A bull eats 200 pounds of grass a day, which also figures when you consider statistic one.

RETIREMENT OF Mrs F RICK

On Friday 6 Oct, Mrs 'Flo' Rick retired after 17 years service with ETSA at LC. There may be a very small possibility that someone reading this may not know that Mrs Rick looked after the Guest House and served morning & afternoon tea at the Admin Office. The number of people she has met at these locations must be tremendous and as for the number of cups of tea - well!

Flo will long be remembered by us at Leigh Creek and by visitors from all over the world. Behind that 'no nonsense' and efficient front there has always been a warm understanding of individual needs, a helping hand and a willingness to serve, the like of which is disappearing in the rush and bustle of life today.
A long & happy retirement to you Flo, and many thanks from 'Topics'.

Television Coverage

It appears that the only possibility of obtaining TV coverage within the next 5-10 years is from a local Stn. using Video tapes, as is proposed for Alice Springs.

At the Public Meeting on TV at LC on 3 Oct '72, a resolution was passed that the SA State Government be approached to cooperate with the Commonwealth Government in an effort to have TV coverage to this area expediated.

Telephone Services

The District telephone Manager Whyalla, Mr Heffernan, will visit this area later in the year to discuss with interested people difficulties experienced with telephone services in the Flinders Ranges.

Air Services

According to information received from the Dept. of Civil Aviation, the decision as to what our future air services are to be, will be made in Melbourne soon.

(Leigh Creek has an excellent air service at present, providing you want to travel on Tuesdays).
