A woman driver, trying to manoeuvre her car out of a parking space, banged into the car ahead, then the car behind and finally pulled out - smack into a passing car.

A policeman who had been watching came over and asked to see her licence.

"Don't be silly, officer," the woman said, "who'd give me a licence?"

We take this opportunity to thank all retired Officers for their splendid effort.

KINDERGARTEN NOTICE

If you wish to enroll your child for Kindergarten for 1973, would you do so as soon as possible.

The afternoon group comprises of children who will be ready for school the following year.

However, the numbers are limited; this is necessarily a smaller group and it does not follow that all children in this age group will be admitted. Preference will be given to children already attending in the present a.m. class. Parents should contact me before sending a child in the afternoon.

Parents of children already attending in the a.m. class will be notified personally if he or she is to transfer to the afternoon group.

VERY NEARLY MADE IT!  
Congratulations to GARY FISHER for his outstanding cricket achievement in a recent Gawler District match. For an individual innings of 100 or over runs, a gold watch is presented to the batsman concerned. Being 9th batsman and partner getting out put a stop to Garys' hopes who was sitting on 99. Better luck next time.
