PUBLIC NOTICE

Some MOTOR CYCLISTS are deliberately over-running and damaging some of our scrapes and fairways, without the least embarrassment to their consciences. They ride handsome bikes, and the animal part of their bodies is handsome; but morally, - "Oh Boy!!" - their immaturity is not only showing, it's overflowing.

Surely fellas!, there is enough land in this area where you can have all your fun without spoiling someone else's. Fair-dinkum, if you continue this practice, we'll have no alternative but to apprehend you and 'throw the ruddy book' at YOU - in COURT.

On behalf of the GOLF CLUB EXECUTIVE COMMITTEE.

The Club had a very good weekend with six swimmers making the finals and 3 coming home with trophies.

Trophy winners were:-

Girls 10 years and Under - 33 1/3 m Freestyle - Handicap
1st KATRINA PETRIE

Boys 15 yrs & Over - 66 2/3 m - Freestyle - Handicap
2nd ADAM GOODALL

Boys 10 yrs & Under - 33 1/3 m - Freestyle - Scratch
3rd WAYNE BURZACOTT

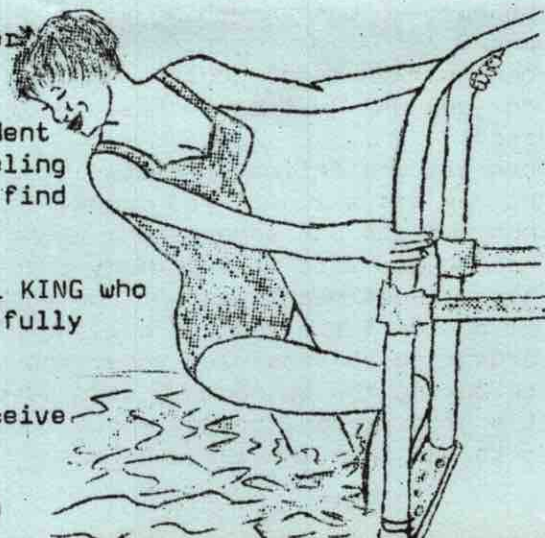

The Club swimmers and officials would like to thank 'Brother' Ron Craven for a safe journey to and from Peterborough.

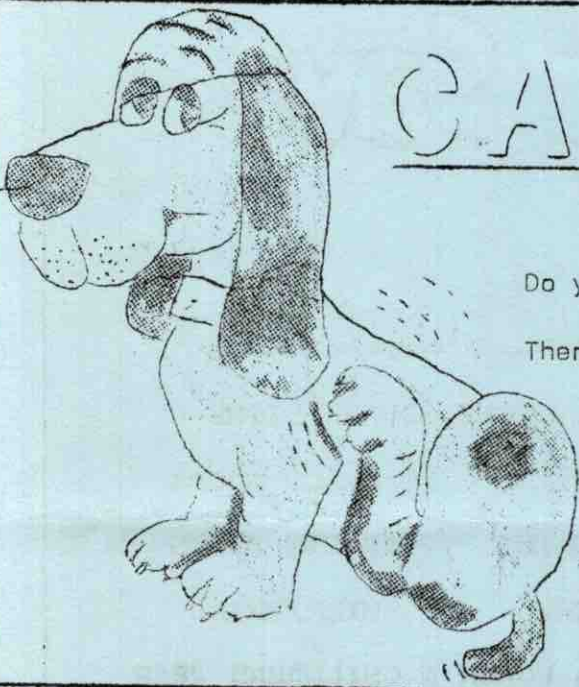

Very poor condition of the road attributed to a minor accident happening and we hope that little Nellie Kamprod is now feeling much better after her mishap on the bus. We also hope you find a caravan with 2 doors in it Ron!!!

The Club expresses congratulations to LORNA KAMPROD and MAL KING who passed their theory and practical examinations and are now fully qualified Timekeepers.

Our next carnival will be in February and swimmers will receive a newsletter in the near future relating to this event.

This interesting little poem was received from
ELIZABETH ANDREWS (DARWIN) and how very true
it is.

LANGUAGE BARRIERS?

Remember when hippie meant big in the hips.
And a trip involved travel in cars, planes or
ships?
When pot was a vessel for cooking things in,
And hooked is what grandmother's rugs might
have been?
When fix was a verb meaning mend or repair,
And be-in meant simply existing somewhere?
When neat meant well organised, tidy and
clean,
And grass was a ground cover, usually green?
When lights and not people were turned on
and off,
And the pill was intended to help cure a
cough?
When groovy meant furrowed, with channels and
hollows,
And birds were winged creatures like robins
and swallows?
When fuzz was a substance, all fluffy like
lint,
And bread came from bakeries, not from the
Mint?
When a roll was a bun and rock was a stone,
And hung-up was something you did to the
phone?
When chicken meant poultry and bag was a sack,
And junk was just cast-offs and old brick-a-
brac?
When cat was feline, a kitten grown up,
And tea was a liquid you drank from a cup?
When swinger was someone who swung in a swing,
And pad was sort of a cushiony thing?
When way-out meant distant and far, far away,
And couldn't sue you for calling him "gay"?
Words once so sensible, sober and serious
Are making the scene man, like psycho-delirious
It's groovy, dad, groovy - but English it's not
Me thinks that the language -

IS GOING TO POT!

HOW TO GET THE BEST FROM YOUR AIRCOOLER

Due to the prolonged period of hot weather and continual running of air coolers, it is most important that extra care be taken to ensure their efficient operation.

Daily draining of the water from the tank will prevent the build up of salts which tend to clog the pads and decrease the air-flow.

Regular attention to cleaning will also assist in keeping the coolers operational. Two or three times per week, flush the build up of sediment from the bottom of the tank and thus ensure the freedom of movement of the drums rotation.

Lack of attention to these details result in rapid deterioration of efficiency and increases the need for maintenance.

For the comfort of your family during the Summer months we strongly urge you to pay regular attention to your cooler - a few minutes each day will keep your home very comfortable.

Hostesses:

Mesdames MANN & SCOTT

We extend a warm welcome to the Ladies in Leigh Creek and District to join us on the 23rd at 7.45pm

Letter to the Editress:

Dear Madam,

Late last year the 5 cent can deposit came in force. This legislation was motivated by the Minister of Environment to overcome some of the Sth Australian litter problem.

Hopefully the buyer of a cool drink can would save his can instead of disposing it in an improper manner.

This has not altogether been 100% successful as in many cases the cans are still left behind (some in litter bins) or wherever the public have consumed the contents of the can.

Suddenly a strong cleaning up brigade emerge on the scene, namely, the kids of this town, therefore the Minister's aim is still successful.

As a result we now have cleaner streets, parks, ovals and many other public places, and the keen little band of "Beavers" receive their reward by cashing in on their cans.

Unfortunately this has now partly been spoilt for the children by some of the sporting clubs who are stopping the kids from taking empty cans (other than their own) from the area or from the premises.

Come on now all concerned, be good sports and give the kids a sporting chance too. Surely you must be quite satisfied with the profit made on the sale of the drinks - after all you have surely already made your profit on the sale of the drink when you sell it and therefore any extra received is purely added profit for the Club.

REMEMBER! The South Australian Government's Legislation was not made with the intention of making a greater profit for the seller!
