

LEIGH CREEK SA Volume 19 Issue 16 6 December 1973 Price 3c

From: HIGHWAYS DEPARTMENT - M BENVENISTE, District Engineer (Far Northern)
To : FAR NORTHERN DEVELOPMENT ASSOC

Dear Sir,

The details relating to this Department raised at your last General Meeting are "fair comment", but as you are aware, the exceptionally wet season experienced this year has aggravated the general road situation considerably & highlighted problems which would otherwise not have been of concern. Because of this, our limited resources have been directed towards maintaining the worst problem areas, and some of the lesser trouble spots, although bad in their own right, have unfortunately slipped in priority.

Turning to the specific points raised in your letter, remedial action has either been taken or is planned.

1. HAWKER - MARREE ROAD

(a) Brachina Railway Crossing

The approaches have since been built up and graded.

(b) Near Nilpena Station

This length of 1.3 miles presents little hindrance to traffic in normal seasons, but it is poorly drained. Improvements by shaping & the construction of drains is intended when next the graders are in the area.

(c) Curve six miles North of Beltana

Sheeting of the curve & improvements to the side drains were completed Oct. '73.

(d) Spoon Drains between Leigh Creek & the Northfield Workshops

The Southern drain is not considered a problem, but the Northern dip is sharp and this has been temporarily regraded but will have a culvert installed when the gang is in the area next.

2. BALCANOONA - COPLEY FEEDER ROAD

The section referred to between the Leigh Creek & Patsy Springs homesteads is programmed for upgrading commencing in February 1974.

3. LYNDHURST TOWNSHIP

It is proposed that the sealing of the Lyndhurst street will be carried out in conjunction with the Marree street sealing programme, which because of lack of funds, has been unavoidably delayed. Although resheeting would no doubt improve the muddy conditions, the dust problem would not be reduced by such work. However, far more pressing problems exist within the Leigh Creek area, which must be tackled before any resheeting at Lyndhurst can be undertaken.

4. GRID ON THE LYNDHURST TO MARREE SECTION

This grid is contained within the Farina Bypass ungrading works, currently in progress and programmed for completion in June 1974.

5. LYNDHURST TO FLINDERS TALC MINE ROAD

(a) The poorly drained section between Lyndhurst & Avondale on the Strzelecki Track was & still is programmed for maintenance work, commencing in January 1974.

(b) The Knob - Talc Mine Road, although in relatively poor condition cannot warrant any major upgrading works in view of our limited resources & its low traffic volume. Patrol grading, in a normal season, is sufficient to allow unhindered traffic movements, & this type of maintenance will continue.

6. CREEK CROSSINGS - The problems with creek crossings is again one which has been aggravated by the heavy rains, causing scour & the lowering of the creek beds. Examination of all creek crossings has commenced to assess their profiles & allot priorities, with the view to the implementation of a long term upgrading programme on such crossings. RAMPS - included in the upgrading section between Leigh Creek & Patsy Springs, will be replaced by new grids at that time.

Dear Mr Kelly,

You will recall that I wrote to you on the 22 October concerning the provision of regular air services to Leigh Creek and Oodnadatta.

I am pleased to advise you that Port Augusta Air Services Pty Ltd has now been formally licensed by the Department of Civil Aviation to provide regular air services between Adelaide & Alice Springs with intermediate calls at Pt. Augusta, Leigh Creek, Oodnadatta and Finke.

The company plans initially to operate services once weekly, on Wednesdays, and proposes to start on 21 November.

I do trust that adequate support will be forthcoming from local business interests to ensure that Port Augusta Air Services may provide a continuous air service to these centres.

Thank you for your interest in this matter.

Signed C K JONES

CWA report

INTERNATIONAL DAY meeting was held on Nov 22 and the country represented this year was Holland. Three Dutch ladies of our community, Mrs Van Gent, Sister Vries and Mrs Vries Senior were invited to share in our meeting. Other visitors included two Marree members, Mesdames Allen and Welsch who were visitors to our Birthday Celebration which was the 27th year of CWA in Leigh Creek.

The attendance was very good with 27 members present and 1 visitor - Mrs J Bock who later became a member. Rollcall was "Something for which Holland is famous". Mrs Van Gent brought some slides of Holland and they were well worth viewing and included colourful fields of tulips and quaint windmills. Mrs Gibson read the winning entry on "Holland" from the SA Country Paper, giving details of this land, its people and industries.

- Competitions: (a) Kindergarten Scrap book.
 (b) Dutch Clog.

Some members had gone to a great deal of work in compiling Scrap books which were donated to the kindergarten. Some lovely ornamental and traditional clogs were received also some articles and souvenirs of Holland were on display. (cont...

Mrs Burden, Divisional President, and her husband were visitors to the Branches in the Far North on Nov 14 and a group of members joined them in a buffet luncheon.

After the close of our Birthday & International meeting, supper, provided by members (including some Dutch recipes), was enjoyed. Birthday candles were lit by Mrs Fisher, fanned out by Mrs Pengilly and the cake was then cut by Sister Vries.

A sponge cake, raffled during the evening, was won by Mrs Fisher. Proceeds went toward Library Funds.

Slaughter on the Roads

On the weekend of Dec 1st & 2nd., 13 people died on the roads of Sth Aust bringing the total for 1973 to 289. When will this carnage cease? What can we do to help reduce this appalling loss of life?

One of the many ways you can assist is by learning how to take care of road accident victims until a Doctor or ambulance arrives. It is a fact that many of the victims who are dead on arrival at the hospital could have been saved by prompt & efficient first aid.

On DECEMBER 20 - Community Hall - commencing at 8. pm., the ST JOHN AMBULANCE BRIGADE will show you how to take care of accident victims. Three films will be shown and Dr. COLLINGS and Sgt HERDE will be guest

LEIGH CREEK AREA SCHOOL

Speech Night

The Annual Speech Night of the Leigh Creek Area School will be held next TUESDAY night, 11 December 1973, in the Community Hall. Classes from Grade 3 upwards will be included in the programme.

All Parents, friends and supporters of the School are invited to be present for the final programme of the year.

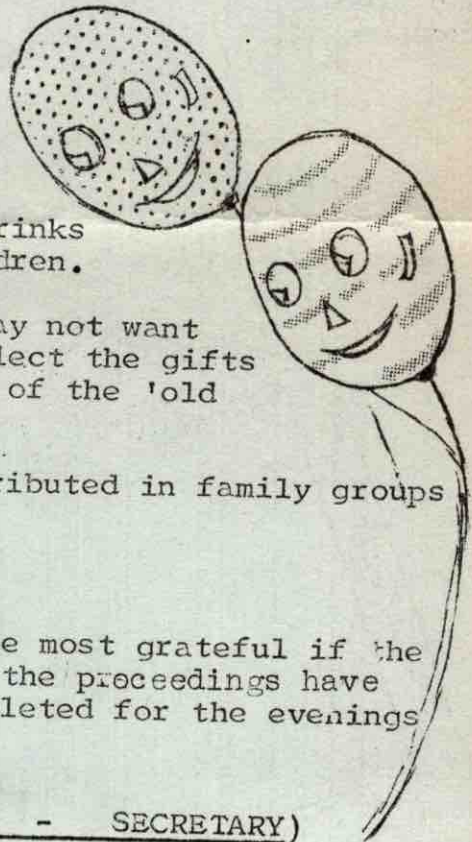

Mr J CUSACK, Regional Officer of Education (Western) will be present and deliver the evenings address. Mr Cusack is in charge of the Western Regional Education Office which includes all schools on Eyre Peninsula, Far West and Far North. Prior to his present appointment, Mr Cusack was a Secondary Science consultant and textbook author, Secondary School Head Master and School's Inspector. The School looks forward to a stimulating evening with Mr Cusack.

The programme will also include student and group presentations together with the 1973 school awards. Evening commences at 7.30 pm.

An Infant Speech afternoon will be held on Wednesday in the Infant Classrooms at 2.30 pm.

EVERYONE WELCOME.

Childrens' Christmas Party

FILMS will commence at 2 pm to approx. 3 pm.

FATHER CHRISTMAS will arrive at 3.15 pm after drinks and icecreams have been distributed to the children.

Parents of babies and very small children who may not want the little ones to see Father Christmas can collect the gifts from one of the attendants prior to the arrival of the 'old gentleman'.

As in previous years, the presents will be distributed in family groups but not necessarily in alphabetical order.

Drinks and icecreams will be on sale for adults.

The Committee of the Christmas Tree Club would be most grateful if the Hall could be cleared as soon as possible after the proceedings have ended so that clearing up operations can be completed for the evenings entertainment.
