LETTER TO THE EDITRESS

Dear Madam,

In view of Windbag's obvious excessive amount of wind and puff may I suggest that he makes a worthwhile contribution to our Netball game by pegging and marking our new courts.

This would not only please everyone but with an added number of spectators at our new courts it would eliminate any further possibility of his identity being revealed.

Cheers,

R W.

Are you frustrated, and put down etc????

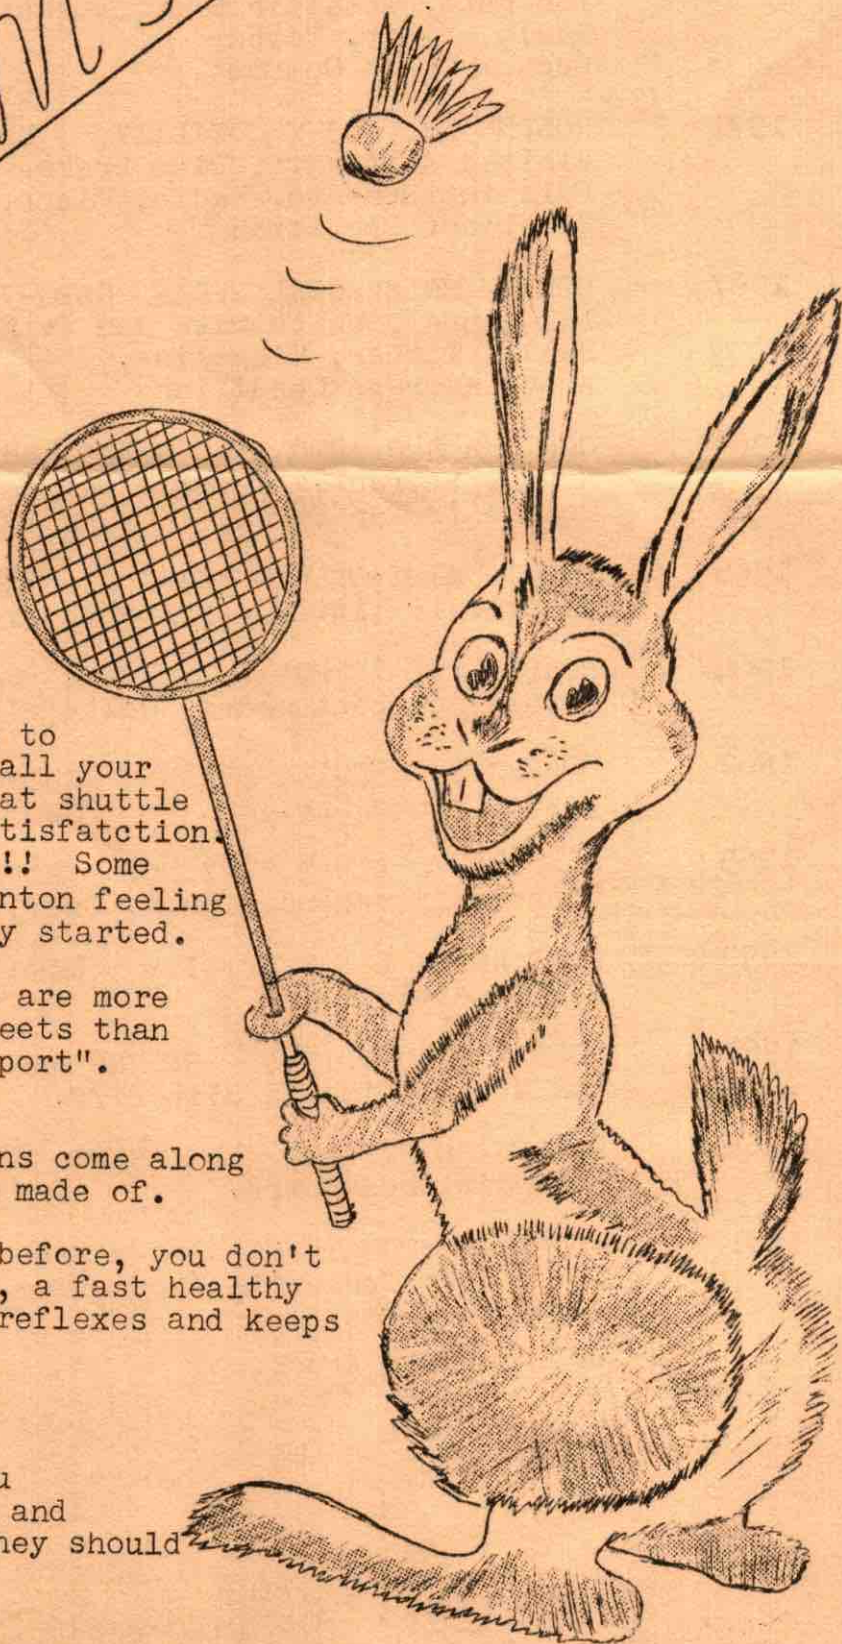

YOU ARE! Well come along to Badminton and get rid of all your inhibitions. Whacking that shuttle cock gives you immense satisfatction. That is if you can hit it!! Some people go away from Badminton feeling a lot worse than when they started.

Someone once said, "There are more champions walking the streets than actually taking part in sport". This is probably true.

All you potential champions come along and lets see what you are made of.

If you have never played before, you don't know what you are missing, a fast healthy sport which sharpens the reflexes and keeps you fit.

COME ALONG, if you can't play, we will teach you how; in no time at all you can sit on the side lines and tell everyone else what they should be doing.

13/5/72

I tipped the Reds to beat the orange team but the orange girls proved me wrong by having too much in hand at the final bell.

This game was evenly fought with nothing between both teams but where the orange won this one was because they had too much pace around the centre.

Observing this game I thought that the standard was reasonable with both sides giving their best. One particular orange girl would have been rather sore in places after having her first run for some 2 or 3 years, anyway nice to see her playing again.

I thought for the orange there best was Helen B who gave her best all day, Mary Testa another good game. Sherie W a good effort all day but still inclined to pass before she looks and a fair proportion of these go astray.

For the Reds 2 Sbona girls were their best followed by Anna Testa who had the ability to throw some very nice goals but unfortunately not enough to win this one.

Its a pity in a lot of ways that everytime these 2 teams meet it turns into a giggling match and mistakes are made and hence the game suffers as a spectacle.

The Blacks had a victory over the Greens by some 5 goals at the final bell and the standard of play was good with both sides playing it hard but fair. Looking at these two teams girl for girl - they are very evenly matched as I have said before. Blacks have that will to win and this is what won it for them on Saturday.

The Blacks had a lapse in the 2nd quarter when they looked like going on with the game and Greens took full advantage of this and shot that ball down to their goal throwers who finished off some very good play. If these 2 goal throwers which the greens have keep in such devastating form as they are now, they are going to be hard to toss for the flag.

For the Blacks (best players) I consider that GRANNY HATCH gave another good display followed by VITALITY VAL who must have been a very tired girl through trying to leap over those much taller goal shooters. RHONDA S gave a good display of ball getting and topped this off by some good shooting (I would consider leaving her there).

For the Greens - Their skipper again was outstanding with a good 4 quarters of netball play.

In defence AUNTY BEV was solid and turned defence into attack time and time again ably supported by MUMMY WATERS.

I must mention both green goal shooters who I thought gave all there best for the full game. (Nice game both teams).

I tipped the Demons last week to win by a mile and they did just that - but no credit to you girls because you should have won by 2 miles. You didn't take this game in a serious way, you made mistakes that you should not have and you will have to improve a lot on this performance if you have got ideas of taking out the flag.

The Blues had only 2 consistant girls for 4 quarters and the Demons girls should have won by 60 goals taking full advantage of this game to have a good solid workout, but instead they were content to just play along in a happy go free friendly way.

It is hard to pick out Demons best players as I thought all of these girls could and should have played much better so - NO COMMENT.

For the Blues I give the palm to BATTLE WHITELEY who never gave up all day and if other girls were to play the game with the same determination and vigor as she does - well Blues would be winning a lot more games.

The only other girl to play a reasonable game was BROAD WARD but this girl is not playing netball like she did last year and I am sure she can do better than she is doing.

For the rest of the Blues NO COMMENT.

20/5/72

The Greens met the Blues for the commencement of the 2nd round and after the end of the first quarter it looked as though the Blue girls were in for a good thrashing, but this was not to be although the Greens did end up by winning the game.

After the end of the first quarter the Blues made some changes and these clicked - playing with more determination and the goal shooters getting on the beam, proved a lot of trouble for Greens. It was noticable that "Lonesome Fuchs" was not Lonesome for long because Judy H was sticking to her closer than a postage stamp does to an envelope. This move did help to close up the

ee
"Windbag" cont....

Greens avenue to that goal circle.

For the Greens I thought that their Skipper was again the best, followed closely by Aunty Bev who was again SOLID in defence. Judy H threw some nice long goals but I thought she lead too far out and in doing this missed quite a lot.

Well done Blues. After that first quarter you looked a better side - you went for that ball with more determination than you have been doing in some of those previous games and you looked better around that goal ring. It was nice to see you getting that front position more often. You are still confused sometimes with that centre pass and if you can polish this up, it will improve your game considerably.

I'll give the palm to Judy H for a very consistant and determined effort followed by Battler Whiteley in defence. The two sisters in the goal ring did well, nice to see those goals appearing after half time. A special mention to the MAC girl who played her best game for this season.

The Blacks met the Reds in the other game which was umpired by Peter B and it was very nice to see him with the whistle again. The game was played at a fairly brisk pace with the Blacks having the edge throughout the entire game. In the third quarter Racheal D (who was going like a female bomb), twisted an ankle and had to leave the court. This looked pretty serious for the Blacks who had no reserves. After 5 minutes time off, who should limp on to the court (ably assisted by the rest of the team) and propped under the defence goal ring was (wait for it) not a Granny but a Great NANNA. It was touching to see the devotion by the Black team as they carried her from one end of the court to the other after the completion of each quarter. Anyway "WELL DONE" Nanna.

The Blacks best, I give this to Rhonda S who gave 4 quarters of good fast leading and finished this off with accurate passes. Next was their goal shooter Kay E and girls if you want to see how it is done you should have been watching this girl on Saturday. Although Vitallity Val played a serviceable game for the Blacks, I thought on the day she was shaded by Anna Testa so I give her best for Red. The Red skipper proved again that she is a thorn in the opposing teams side - another good display of Netball. Another worth mentioning was Marisa S. If you noticed in last weeks game that I roasted the Demons for not playing the game out - well this week they took full advantage of the weaker Orange and hammered the goal ring entirely throughout the game. If they had been more successful under the ring, they would have won by 60 goals instead of some 35 or 40.

It's hard to comment on this game because the Demon girls were far superior in all positions on the court with the only opposition coming from Sherrie W and Helen B. Robyn P played her best game for the season followed closely by Joyce C who defended well all day. Karen W filling in as goal shooter for the day must have had 100 shots for goal but was very much astray.

Now listen you Orange girls, you have youth and ability on your side, but you don't seem to apply it to the game. You were pitifull. The only girls that tried for most of the day were Sherrie W and Helen B and to a lesser degree young McLaglin. As for the rest of you, you should have stopped home - enough said.

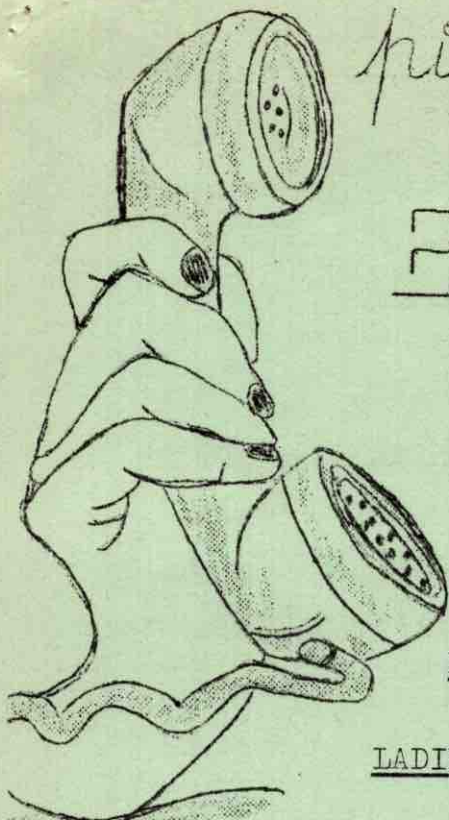

- Saturday Tips
- Blacks v Blue. I'll have to stick to the Blacks for this one BUT if the Blues can carry on from where they left off last week, they will extend those Blacks.
 - Demons v Reds. The Demons for this one. Overall strength will be too much for the Reds.
 - Greens v Orange. The return of some key players for the Orange should strengthen them up, but where the Greens will win this one will be their ability to get that ball through the ring more often. The Greens for this one.
