# Miscellany

Have you an old Golf Club that is cluttering the place, occupying valuable space, could trip you, causing accidents, and worse still, - - become a lethal weapon during a family squabble?

If you have - WHY NOT DONATE IT TO the LC GOLF CLUB, where its useful life will be extended many years. We require Clubs useful for visitors, beginners, interested people etc., and your generosity could help your own son or daughter, Mum or Dad, or visiting friends or relatives; and, your magnanimous act will be acknowledged in Topics. I will collect at the slightest notice.

The local flying group is really off the ground to a flying start for 1975. (pardon the puns). We now have 25 members, thanks to the influx of the Leighton boys. The Broken Hill Aero Club is still providing instruction, with the aircraft coming over for four days each fortnight. As a point of interest, the aircraft MVF and CHP are VICTA air tourer 115's (a two seater flying version of a victa lawnmower).

The following members are either well on their way to their restricted licence or have recently gone 'solo':-

Ian Fraser, Col Wait, Peter Wardell, Rob McEwin, Graham Fleming, John Whittington, Trev Schwarz, June Moore (first solo last fortnight).

While Bob Tullock, Dick Ellis, Brian Parrott, Malcolm Fisher, Trevor Tredwell and Col Jesse are now all "hooked" after their first flights in recent weeks.

Any interested prospective members can obtain full particulars regarding practical/theory sections of the course, costs etc., from Reg (BIGGLES) Moore or John Whittington.

ROAD SEALING - LEIGH CREEK

All Leigh Creek town roads will be re-sealed starting from 12 March.

Residents are asked to keep their private cars off the areas being worked and parked well away from areas being sprayed with bitumen.

When the roads have been re-sealed some loose gravel will be left on the surface for a short time. To avoid broken windscreens and damage to the new surface, road users are asked to drive CAREFULLY and SLOWLY.

ETSA advises that it takes NO responsibility for broken windscreens or bitumen sprayed vehicles.
