Dear Editress,

In regards to the complaints made in the last edition complaining of the youngsters who regularly go in and out of the Cinema and who hang around the Foyer entrance during the show;

The first part of the complaint is true. There is definitely too much movement inside the theatre during the show - but many times the activities outside are much more interesting than the picture inside. These so called out-side activities are most times being carried out by 'Adults' (over 18 years) who are loitering around the place - under the influence of alcohol, performing very indecent acts sometimes, and making unnecessary rude remarks and gestures to the general public who happen to be walking nearby. On one occasion - a so called 'Adult' was caught trying to break into a car belonging to a Cinema patron. What can be done? We could make a suggestion, but we are, after all, only 'Youngins' and would like to see the 'Adults' come up with some solution.

PLAY GROUPS  
\*\*\*\*\*

Last Tuesday evening (1/ 3/77) a very pleasant  
night was spent by Playgroup Mums and interes-  
ted ladies with Mrs Jan Richards, advisory  
Kindergarten Union Teacher.

Jan and her companion Shirley, had with them  
a toy library which was of great interest to  
all there. Also a large selection of very  
interesting books (some quite expensive) were  
on display and the possibility of starting a  
Mother and Child lending library in the town  
was discussed.

I am sure everyone present gained something  
from this meeting and I think we all became  
more aware of how interesting and important  
our Children and their early childhood days  
are.

A light supper supplied by the Playgroup Mums  
closed the evening, and Jan and Shirley were  
thanked for spending the time with us.

If you are not in a Playgroup and would like  
to join in, please see Thea Smith, Bev Invera-  
rity or Pam Reed. Perhaps you would like to  
start a group up of your own - if so please  
feel free to contact any existing Playgroup  
Mum for help or guidance if needed.

(PAM REED)

## WATER MIS-USE

Water running down the gutters in Leigh Creek is becoming a common sight.

Not as a result of rain but from careless watering or forgetfulness.

Remember to use water wisely - we live in an arid area where the conservation of water should be uppermost in every person's mind.

All residents of Lyndhurst, Leigh Creek and Copley are reminded too that the ban on the use of sprinklers still applies EACH WEDNESDAY. This is a permanent "restriction day" on which watering by hand held hose only should be done.

If you see a sprinkler that has obviously been forgotten please draw it to the householders' attention or if they are out turn it off. I'm sure they won't mind and it will save them embarrassment.
