Dear Topics, My mother-in-law lives with us, and I have known all along that she never cared for me. She had mean little ways of taking it out on me. One of her favourite tricks is to wait until I get into the shower. Then she runs into the kitchen and turns on the hot water and then the cold, and my shower varies from scalding water to freezing every fifteen seconds. It would do me no good to accuse her of doing this on purpose, but I know she does. What should I do. "Scalded and Frozen"

Dear Scolded and Frozen, Announce to your mother-in-law that you are going to take a shower and to please refrain from touching the taps. If she has a poor memory ask your wife to remind her.

A capacity crowd watched the GRAND FINAL of the Ferguson Cup Competition last Thursday evening in which NORTHFIELD scored an upset win over Minor Premiers, Copley.

Northfield, by winning 5 of the 6 doubles matches played, put pressure on Copley from the outset from which they never recovered. In the second round of singles matches, "The Coalies" continued to play much the better tennis, and eventually ran out easy winners. The Victory was all the more surprising when one considers that Northfield only scraped into the Grand Final the week before by defeating Township 10 sets to 8.

GRAND FINAL SCORE:

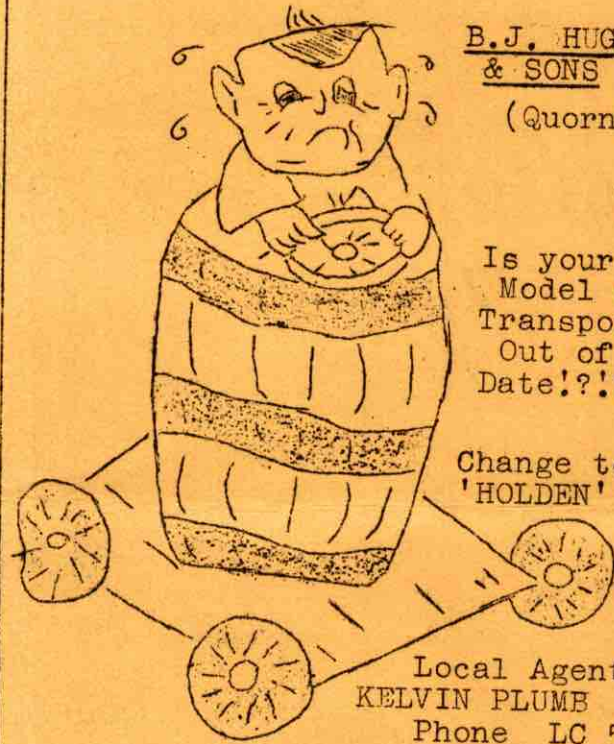

NORTHFIELD 15 sets 97 games defeated COPLEY 3 sets 56 games.
Many thanks to the UMPIRES for a very difficult job well done.

The March meeting of the above was held on Tuesday evening instead of Thursday so that Mrs Byerlie - Flinders Group President (our guest speaker), could attend. This meeting was well attended. Mrs WADROP was a visitor for the meeting. The roll call - "A flower and its meaning" was not easy information to obtain and very few could answer correctly.

The competitions were a set of Drink Coasters (1st Mesdames PENGILLY, FRANKS (2), REID (2) - 2nd CRAIGIE, JAMES - 3rd BLIESCHKE, MERRICK) also a cake to be buttered and auctioned (1st Mrs GIBSON, 2nd Mrs BLIESCHKE, 3rd Mesdames PENGILLY, MANN). The auctioning of the cakes were of a good price - one went as much as 75 cents.

Mrs BYERLIE's subject was the functions held recently by other CWA Branches and of Group Functions. APOLOGIES were sent from Mrs BURDEN who was coming up with Mrs Byerlie before she took ill.

Looking at the Netball teams!

The BLUES looked full of confidence as they stepped onto the court - the GREENS silent and saying nothing. It was not long before the Greens showed that they could be a premier-ship side with girls like their Skipper showing fine form and defence, holding tight, capable leads by Mary (Panta) Waters and Marg (Röck) Lang.

Jenny (Lonesome) Fuchs on attack wing was alone all day and got a ton of passes and capably fed the goal shooters who in turn popped through some very nice goals - (nice going Greens) but there is one Hen who flaps her wings a fair bit so watch it Green.

Henti (Coach) Smith has got a lot of work to do on his girls - individual-ly a good side but as a team (boy - o- boy). The defence looks OK with a couple of good hard playing exper- ienced girls back there leading the way. Your centre passes are pretty rusty Blues and you have to get under that ring to pop those goals through, especially on windy days and please COACH learn a couple of girls the foot rule - now last but not least - Blues use THE CENTRE of the court - not the SIDE LINES - Better luck next week.

"Windbag"

(The WINDBAG Reporter)

BLACKS were only a shadow of their premiership side of last season but their all round experience kept them in front at the finish. The REDS would have been in the running if they had converted more goal throws, more practice could have put them in front of a very tired Black crew.

Well Blacks, we know that we all grow older but perhaps a few laps of the oval each day might hide the fact a bit. Vitality Val still appeared to be the youngest and fittest in the crew, repeatedly driving the ball out of defence in- to attack and if a certain girl in the scoring end had put glue on her hands more goals would have re- sulted.

The REDS get full marks for trying all the way but to be up with the leaders you need a lot more team- work and understanding. Defence looked fairly solid with players like Walford and Cornwall showing the way and Anna Testa was a live wire all day at the other end. One tip for the Reds:- it only needs ONE pass to get from one third to the next - not ten - so make use of your team.

Blacks scraped home by the skin of their teeth but with some of the regulars to come back into the side they should be near the top again at the end of the season.

Well, the DEMONS looked good - they opened up with plenty of fire & speed which had the ORANGE girls scratching their heads and only through some good solid defence by Bev Milde and Pam (Lightening Foot) Beal, would have had more goals on the board.

The Orange girls held on grimly and it was not until the last quarter when the Station girls ran out of puff, that the orange took control and slammed home a couple of quick goals to snatch victory by one goal. I think that when the Orange team goalies get their eye in, they will take a power of stopping. Demons have a couple of new players in their team and the girl (Glenelg) Smith looks good and will certainly boost the demons along and Val stop shaking so much as you are shooting for a goal, you reminded me of a "bod" who had been on a bender the night before.

I thought that this match was the best for the day with good fast, clean play on netball with no 1/4 given by both sides - to the rest of you girls - WATCH THESE 2 TEAMS - they're good.
