Safety Sid...

A few words this week about RIFLE SHOOTING.

It appears that one or two people have had narrow escapes from stray bullets over at the town rubbish dump. Now, whether the shooters are hunting rabbits or target shooting is not known but the fact remains that it is a dangerous practice to shoot indiscriminately in an area like the rubbish dump.

A lot of people have been accidentally killed with a high velocity .22 bullet, so please, if you are going to do any shooting, make sure no one is in danger of being hit by a stray bullet.

Guess who! ?*

I hear that Netball is starting on the 6th April so I thought I would take this opportunity to have a look at individual players so here we go:-

DODGERS

S WARD - Good player but persists in not using some of the girls to the teams best advantage.

P BEAL - Good defence player always hard to beat. Should put in another good season this year.

H LOCK - New chum to the ranks looks flighty we'll have to wait and see.

M McCLEERY - Don't know much about so - no comment.

D WILTON - Played well last year in the Snr ranks - expect bigger things this year.

A TESTAGROSSA - Injured her knee early last year and had to stand out for the rest of the season. Could be a slow starter this year.

JENNY HATCH - Played a few games as a floater last season. If she takes after Granny she will be a great asset to the team.

K GILBERT - Unknown quality - will sit back and watch.

SUMMING UP - Defence appears very weak, will have to show a fair amount of determination and concentration to have any show of being in the top bracket at the end of the season.

GREMLINS

J CANHAM - Hear she has played in Pt Augusta 2 years ago looks the type, but then again you can't go on looks - we'll see.

L CHARLSON - Won the medal last season for fairest and best - good player but a little overweight at present.

J FUCHS - "Lonesome" - always giving her best for the team, lost a yard in pace but makes up for this in many other ways.

P REID - Good defence player, should be her best season this year.

M WATERS - Slowing up a little but once again always trying hard - still well worth her place in the team.

B TAYLOR - "Aunty" - Fills in the gaps where needed from Saturday to Saturday, have not seen you play centre yet. Good determined player.

JUDY HATCH - Would be one of the best goal throwers in the Club on her day but unfortunately the days on are not often enough - more concentration and determination is needed.

J MOORE - New one to the team - will watch for a couple of games and see.

SUMMING UP - This team finished last season like a premiers side and was unfortunate not to reach the finals. Your biggest fault Greens was that you were not fit - Don't make this mistake this year. Will go well if fit.

DEMONS

V PATTERSON - Could be the Demons secret weapon - hear she hails from Farina.

L PARSONS - Good goalie but lacks a bit of fire, does not make position as well as she could.

V HOLLAND - If she plays as consistently this year as she played in the grand final last year then you other teams - watch out.

J SMITH - "Cowboy" Plays the centre position very well and should again this year - will be a slow starter this season.

C FEE - I have yet to see "Sweetie" play a poor game and I have yet to see her play 'dirty' keep this up Sweetie.

J CALLIS - Would be one of the most consistent players in the Club, should have another good season this year.

L McLAUGHLIN - New player to the rank and so - no comment.

C NAPIER - Has Skipped this team for the last few years, a very efficient defence player and should have another good season this year.

SUMMING UP - Made the grand final last year and will be knocking on the door again. More team practice is required from you girls if you have hopes of taking the flag.

TORNADOES

K WEYMOUTH - Got the pace and the ability but requires more heart and team spirit.

K WARD - Transferred from the Demons - should add strength to this team.

K HILL - Always a good trier but does not play 4 quarters of netball to the best of her ability - must be more consistent this year.

L WARD - Has everything to be a first class player but has not shown her school going days form yet.

R WILLSON - Played as a floater last year and showed that she is a player with a ton of ability - will be an asset to this team.

J VAN GASPEL - Plays the defence position very well spasmodically - must be more consistent.

J HICKEY - Would be the most consistent player in this team, hope she can get more support this year.

B INVERARITY - Transferred from the Dodgers good defence player and should strengthen this weak link-up that the Blues had.

SUMMING UP - Looking at this team on paper it appears to have everything to take out the premiership and if they can play as a team and not as individuals they could give it a shake.

MATADORS

S TAYLOR - Last season was her 1st year in the senior ranks and she acquitted herself very well. Could take a fair bit of watching this year.

M SBONA - This girl has all the potential of being a first class player but appeared to lack fitness last year - more work on the training track this season.

C DONLON - Another new player - could take a few games to access her form.

P DONLON - Transferred from the Blues - should strengthen this teams defence.

D CORNWELL - "Spider" - always a good trier. They tell me she is getting married shortly - I wonder how this will effect her game?

L WARD - New player to the town.

D HATCH - Played some good games last year and played some not so good. This was brought about by not being fit and more work on the training track is required this season.

R COLLINS - Once again the potential is here but was not fit last year - for you too, more work on the training track.

"WINDBAG" cont....

SUMMING UP MATADORS -

This team should go reasonably well this season, it has a touch of experience and it also has youth. Defence might be your weakness.

PIRATES

I. HIRSCH

A new player in the Pirate line-up, should fit into this team very well - good player.

A McPAIN - Came into this side halfway through the season last year and nearly took the medal out - a very good player.

K. ELLIS
Stood out for most of last season but should be one of their regular players this year - good goal shooter but lacks consistency.

R DAVIES - Got the ability but tends to loose concentration at times - will be a better player this season.

P RYAN - Good goal shooter but definitely out of condition last season - more work on the training track for you this year.

R SMITH - "Stepper" - Played some very good games last year but was definitely overweight - appears to have lost a bit this season, should have another good season this year.

J PRYOR - Generally plays defence and does this very well indeed - tends to be a bit loose on occasions.

V RAPPOLD - Covered by the Editress.

SUMMING UP

This team took out the premiership last year and will be right in the running again this year.

FLOATERS

S CLOHESSY - Was a member of the Blue team and was playing good netball - will take her a couple of runs to restore her touch but will be an asset to any team requiring her.

C BOCK - Always plays the game hard - will fit into any team.

C GAMBLE - Unknown ability might be a dark horse.

R PLACE - I would say that this player will be very much in demand if any of the teams require a good versatile player.

V McCLEERY - Should be a good girl by all accounts.

B MUSSARED) - Just starting off their net-
S WATERS) ball careers - hope you do well girls.

SEE YOU NEXT ISSUE GIRLS.

A husband and wife were peering into a wishing well. The wife leaned over too far, lost her balance and disappeared down the dark hole. "How about that!" explained her startled spouse, "And I used to think these things were a lot of bunk!"
