"COME OUT '77"

Friday 13th May saw the homecoming of five very tired, but happy Leigh Creek people. The Leigh Creek Area School Band (DNAB), Wendy, Terry, Rachael, Errol and Michael certainly has made an impression on children in Adelaide. During their week in Adelaide, DNAB played for students at Elizabeth West Primary, Elizabeth Fields Primary, Salisbury North West Primary, Ethelton Primary and LeFevre High School. An enthusiastic reception was received at all schools, and some of the band members have gained very loyal fans.

Although DNAB did not win their heat in the Battle of the Bands they certainly showed the other schools and the promoters that there is plenty of talent up here in Leigh Creek, and that when the Leigh Creek band returns next year they will be wanting First Prize.

Besides playing, the band also watched. They were fortunate in being able to sit in on a rehearsal of a professional rock band, see the rock opera Neón Faustus, attend a rock and roll workshop and see the production called "When the world was wide" by the Saturday Theatre Company.

The experience gained could not be measured, and it is hoped that some of this experience will be put to use as the year rolls on.

# Golf Gossip

SUNDAY May 22 - STROKE

Sixteen members rolled up, but two developed family-orientation and sacrificed the game to spend the afternoon with Mum. Truly noble and exemplary sentiments, not at all motivated by the sad experience of poor Rolf, who spent all week-ends playing golf, and got into strife with his BOOT-i-ful wife, when she cut-up his balls with a knife.

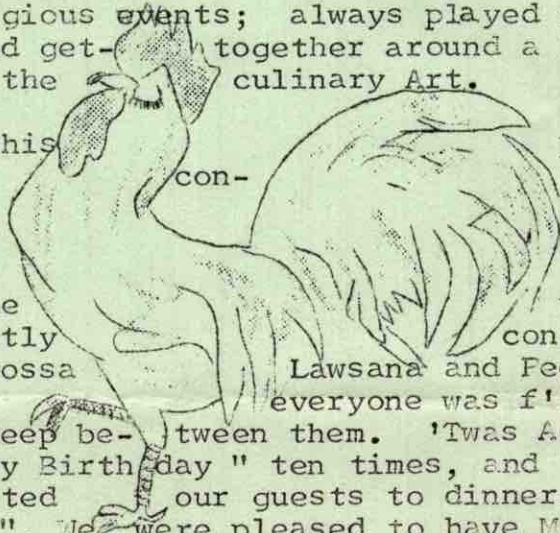

'B' graders M Campillo and J Slade brought in superb 64 nett scores and it was comforting to see the Captain promptly reduce their handicaps a point or two.

SUNDAY May 29th - TRIANGLE - Leigh Creek, Hawker, Blinman - STABLEFORD

Our Triangle matches may be 'small fish' in the big pond of Country Golfing, yet they rate among our most prestigious events; always played in a picnic atmosphere and culminating in a grand get-together around a long table laden with succulent masterpieces of the culinary Art.

Many hands contribute to make this grateful thanks extends to all most warmly to the Ladies, who hearts through our stomachs.

con-

possible and our con-  
cerned, perhaps  
again reached our

Bar Manager, Jack Miller did the work of three men with one body, a feat that greatly contributed to a successful day. Our Cheffs, Paddyossa Lawsana and Pedro MarkBaina kept the chops and snags coming 'til everyone was f'llup. John Slade and John Adair contributed 3 sheep between them. 'Twas Adair's 'coming of age' birthday and we sang "Happy Birth-day" ten times, and "Why was He Born at-ALL?" twenty times. He invited our guests to dinner with a trite "God helps those who help themselves". We were pleased to have Mr & Mrs Herde amongst us and seized the opportunity to thank Howard for his valuable contributions to the Club both as a player and Treasurer. Patron Ray Gray and Mrs Gray also graced us with their presence, and would have come earlier but for geographical impossibility.

With 42 Players on course, flying-balls were conspicuous by their nearness at times. One crash-landed on Mr McIntosh's wristlet watch and disintegrated it. Fortunately, these incidences are rare as mostly players will not strike the ball 'til everyone is clear.

## ADVANTAGES

1. Every job is a rush job. Everyone wants things done yesterday. With this calendar an order given on the 7th can be carried out on the 3rd.
2. Everybody wants things done early - on Mondays for preference. So there are two Mondays in each week.
3. There are several extra days at the end of the month for those end of the month rushes.
4. There are no bothersome non-productive Saturdays or Sundays.
5. There's a new day each week - "same day".  
On this day "while you wait" and "same day" jobs may be handled without interruption to other promises. Everybody will be happy and ulcer-free.
6. Acceptance of this calendar is made easier by pointing out that this system has already been in unofficial use in many organisations for some years!

## "FRIENDSHIP"

Oh! the comfort - the inexpressible comfort of feeling safe with a person,  
Having neither to weight thoughts, nor measure words,  
But to pour them out - just as they are - chaff and grain together,  
And a faithful hand will take and sift them - keep what is worth keeping,  
Then, with a breath of kindness, blow the rest away.

(GEORGE ELLIOT)

If a child lives with ridicule, He learns to be shy.  
If a child lives with shame, He learns to feel guilty.  
If a child lives with tolerance, He learns to be patient.  
If a child lives with encouragement, He learns confidence.  
If a child lives with praise, He learns to appreciate.  
If a child lives with fairness, He learns justice.  
If a child lives with security, He learns to have faith.  
If a child lives with approval, He learns to like himself.  
If a child lives with acceptance and friendship,  
He learns to find love in the world.

## "CHILDREN LIVE WHAT THEY LEARN"

If a child lives with criticism, He learns to condemn.  
If a child lives with hostility, He learns to fight.
