Both the General & Annual General meetings were held on 27 June. Two new members were among the 21 attending, and a past member Mrs Binnecamp was a visitor to the meeting.

The roll call brought some amusing memories of what we could once buy for sixpence - these ranged from large bags of sweets to lunches of a pie, bun and a milkshake (all for this amount). One member recalled finding her Grandmother's shopping list with 2 lb of frying steak for sixpence! We certainly live in an inflationary age.

A variety of scones, plain, savory & fruit were entered in the first competition, these were later to become our supper. Secondly, for a piece of handicraft, many beautiful handmade articles made judging a difficult task as all were equally good.

The Treasurer's financial statement, Library & Handicraft reports were all favourable and rewarding for our years efforts.

At the conclusion of this meeting, President, Mrs Pengilly thanked all members for their loyal support and dependability in the years activities, including catering and display of handicrafts in the recent Art Show.

The following officers were elected for the forthcoming year:-

Apparently some well informed people, including all the local stray dogs, are yapping the information, resulting in even our children asking us to the point of exasperation, when we are leaving for SOUTH AFRICA. If these people who are apparently in possession of inside information would kindly inform us as to how, when and above all WHY, we should be contemplating such a move, we would appreciate it as up to date we are entirely in ignorance on the matter.

## BLACK/BLUE

This I thought would have been the match of the day i.e. preliminary final to see who would face the Red team on the big day. The standard of play was poor and in fact, I thought it was a survival of the fittest. When two girls have to pull and push each other, break every rule in the book to gain possession of the ball and generally do everything BUT play netball, then I think it is time to give it up.

Blacks won this through their goal shooting. Nervy Pat how you didn't get a position in the squad for Whyalla beats me (I've since found out you were not available - pity). Anyway, to you I give my first vote. Next to Vitality Val who never gave up all day — had quite an easy one at that, and, making full advantage of it. Third vote to Rachael Davies who I feel had one of her better games until having a very bad fall. Spinner McBain, nice to hear you are OK after your nasty fall.

Blues, I think you missed Weeny Willson at centre. Could have made the difference. Blues best I give to good old Judy Hickey. You have been out of touch for a while, but you were certainly back in it on Saturday. Next to Skipper Hill - out of position at centre but put in a good hard game. Third vote is a toss up between Broad Ward and Henni Penny - never gave your opponents much all day.

## GREEN/ORANGE

Green you must still be a threat for the final four. Auntie Bev, I think you should look for that goal ring a little more - confidence is all you need. My best I give to the Canham Girlie at centre. Hear a whisper you can't make Whyalla - bad luck, you will be certainly missed at centre. Second I give to Judy Hatch for her display of goal shooting. If you don't take out "The most consistent Goalie" - I'll eat my hat?

Third vote to Lyn Charlson for 4 good quarters of solid defending. Special mention to Robyn Place - well done.

Orange, once again I see strange faces in your line-up. This must be upsetting to your permanent girls who slog away every week. Coach, I see big problems in your goal area. Best, I give to the McCleery Kid at centre. Every time I see this girl, she is playing a different position and doing it well too. Girls like this are hard to find - well done.

Next to Lightning Foot Beal - solid as a rock in defence. It is a pity some of your team mates don't have the same approach to the game.

cont...

Third best was hard to find but I think overall, Lorraine McCleery.

## REDS/DEMONS

Demons, what on earth has happened to your Farina Kid. If you have any change of making the final four now, you had better get her back & get your team settled back into their correct positions. Regularly playing out of position, I'm afraid doesn't help much. Last year you were runners up and still have the girls' to do it again but the approach to the game on Saturday appeared to me as a "what the hell" attitude. Not good - if it wasn't for Station Smith and Sweetie Fee - there just would not have been a game. My pick of the day goes to Station Smith who really slogged hard all day and consistently tried to lift the team spirit up. For second, I swing to Sweetie Fee. I am yet to see a girl get the better of you Sweetie.

Joyce Callis was shifted from GD to GS and to play both well, is not an easy task, so my third vote to you for a task well done.

Reds, there is no doubt in my mind that you will be sitting at the top waiting for the remainder to fight it out. With key players like Sue Taylor, Chris Donlin, Sister-in-law Pauline and Spider Daulby, I just can't see any problems in taking out the big one. Your best I give to Dotta Hatch or should I say "offside" Hatch. Always in the right position at the right time. Next to Pauline Donlin - much too strong in that defence for your opponent. I had to look very hard for the 3rd vote because the team all played exceptionally good, but I will give it to Long Arm Collins.

Had a sneak look at your Squad training the other night, was very impressed at your training methods - hope they prove successful for you.
