HAWKER V LEIGH CREEK

Stableford

# Golf Gabber

An aura of gloom hung about as scores went up at Hawker. Our team seemed like a lone passenger on a sinking ship, who had sung "Nearer my God to Thee" several times, JCS'd till the batteries went flat, fired his last rocket, then squeezed into the toilet flush-pan, muttering "Goodbye! cruel world!!" as he pulled the chain.

For consolation, I peered into the translucent depth of my booze, visualising hop fields, rippling acres of barley and thinking that for every man who dies of drink, hundreds die of food-distended stomachs.

Eventually, Les Mounce's score went up; figures were added; LC emerged with a deficit of 189 pts. We beat Hawker at LC by 1 point; they beat us at Hawker by 190 pts. What a riot!

Vice Capt. Taylor did a fine job amidst trying circumstances. Some key-players did not or could not attend. Last minute subs were recruited from keen members who were present with their clubs. Even so, we played one man short, (who was very conspicuous by his absence). This annual stampede away from responsibility by luke-warm members is as welcome as a leprous Gorilla at a party.

Pres. Rappold's speech in reply, revealed a keen sense of humour, appreciated by all. Jim Reid won the longest drive event. (The marker looked like an empty bottle, no one else had a chance.) Thanks Jim for L.Ck's only win.

Hawker Club's hospitality belonged as usual to the days when they roasted whole bullocks on spits, - we look forward to our next visit.

Details of this game have been discarded into the garbage can of evolution, there to keep the dinosaurs company. Best scorers for LC: T Kowalski 43; J Taylor 38; A Pengilly 36.

## SUNDAY 27/ 7/75 - Champ. FINALS 36 Hole Match Play

The BIG-GUNS had their battle Royal - 4 times round the course - quite an ordeal. There were no 'push-over' victories & the 'coup de grace' was not administered till near the 36th Scrape. Congratulations to DCN ELLIS, our Club and 'A' grade Champion, to BRUCE DORTON; the 'B' Grade Champ. and to 1st season golfer GRANT GIBSON, the 'C' Grade Champ. Also

to Messrs L Dorton, J Dejanovic and C Hooper, who made the Champs battle hard for their crowns.

- D ELLIS\* d L Dorton 3 & 2
- B DORTON\* d J Dejanovic 3 & 1
- G GIBSON\* d C Hooper 6 & 5

## 27 Hole Consolation Stroke H'Cap

These players had either an indifferent game of golf, or played golf indifferently. At almost any time you could look high-up and see the contrails of BIG McBain's D65 ball bisecting the cloudless sky in every conceivable direction. No one could tell if it was travelling to Sydney, Perth, Darwin, or to the South Pole.

After enjoying a fine film on Golf, we were treated to a Barbecue Supper cooked by Chef-d'oeuvres Tommillero and Little Pedro. Thanks to J ADAIR for donating the Chops, and to the Ladies who brought a 'plate'.

## SUNDAY 3/ 8/75 - Canadian 4'some

Rain made play impossible, and this event was played the following Sunday 10/ 8/75.

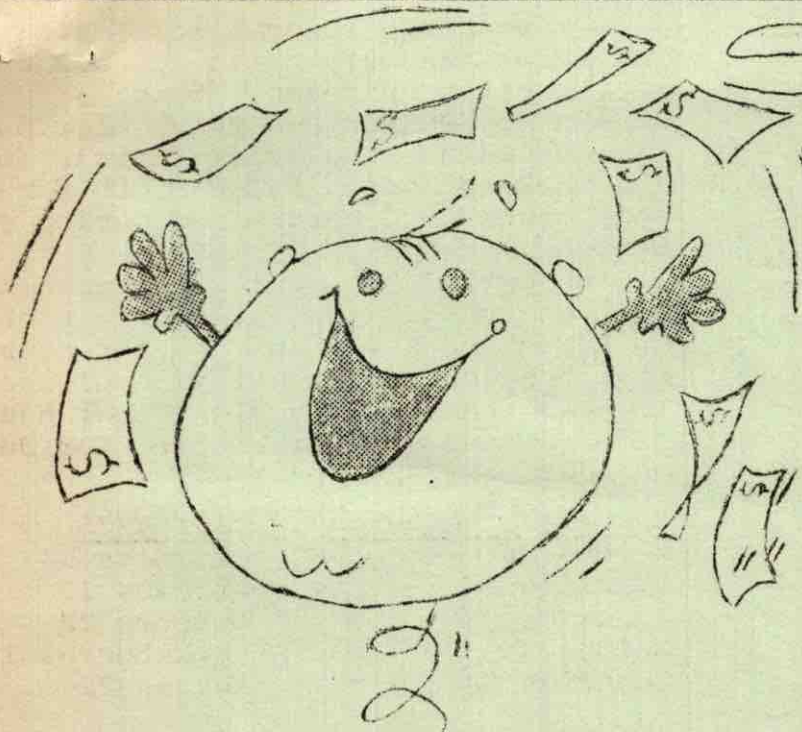

Fate poked its stubby interfering finger into L.C's Social life this weekend, resulting in a lonesomeness, invading our Golf Club, like Sunday in a business centre. A unique feature of today's game, was the presence of 'moving bunkers' on the Course (a bunch of horses, trailed by a white donkey). But we were all pretty 'andy with our Clubs, - none was 'illuminated from de composition', - 'cause Vice Captain Taylor showed us 'ow to hit de ball over that blasted Donkey.

## Team Results:-

1. S Adair - L Dorton-63 C/B;
2. P Lucas - R Probert -63; 3. T Miller - B Reye -65; 4. H Herde - J Taylor - 67; 5. C Hooper - J Adair - 69;
6. T Kowalski - G Lovell -70 C/B
7. P Lawson-L Mounce - 70.

PS - Still reporting 'cause I fight only people over 85 years age.

Our WHYALLA TRIP was a very successful one so far as experience and fun went. The most consistent remark heard from Saturday until we reached home was "hell I've had it". Quite understandable when you realize that the girls had played a very gruelling 10 games of hard, fast Netball. Although we didn't bring home any trophies, quite a few places i.e. Pt Lincoln, Pt Augusta, Kimba District, Whyalla, Pt Pirie & Woomera now know where Leigh Creek is.

Many favourable remarks were made regarding the very smart appearance of the girls uniforms. Special thanks to BROTHER RON CRAVEN for putting up with a bus load of girls for the weekend and to PETER BOULD for the help given both before and during this weekend.

To the girls' - your performances both on and off the field were a credit to Leigh Creek - thank you for your co-operation and you will be pleased to hear that the Bay View Hotel has already accepted our booking for July of next year.

Watch your grapes closely when they start to flower and get the Bardeaux on at the right time.

Should an infection be noticed on the shoots at any other time, spray again. Take special note after rain, especially if we have a few overcast, drizzly days. This is when Downy Mildew goes mad.

So take care for a few weeks, and a good crop should be the reward.

# Basketball

The last 4 weeks have seen quite a change in the standard of play. A rough style of play seems to be creeping into vogue with all teams - particularly when the games are close. All teams need to realise that games are won by skill and teamwork to elude and out-position the opposition and not by inflicting injuries on others so they must either play below par or leave the court. Some players seem to be confusing football with basketball I think. Still, enough of this grumbling.

The past 4 matches have shown up some good men to man play for the first time this season and although it achieved gains for the initiators, more practice is needed to get full advantage from this type of defence. Keep it up, it is good to see. Also good to see is that all teams are working better as teams, with more passing around the key and waiting for openings to be created. Everybody seemed to be in one big hurry at the start of the season to get the ball into the basket but now most are making use of their 30 seconds, waiting until an opening in the defence occurs and then making full use of it.

It is apparent from the damage to the equipment at the Range, that unauthorised persons are making use of and abusing the facilities.

Repair works are costly, and a nuisance to Club members when they have to be effected before a regular shoot. It is this Club's intention to prosecute any person/s found using the Range without the prior consent from one of the Committee members.

GRAPE MILDUE

Spring is just around the corner, and since the last few years have been rather on the wet side, the population of Downy Mildue has built up. If our spring is wet this year, we can expect heavy infestations.

Bardeaux spray is the answer. If your vines suffered badly last yr spray them now before the buds burst. This is aimed at killing tiny spores of the fungus that have lodged in cracks & crevasses during the winter. Spray very thoroughly to ensure the spray gets right into where the spores are lodged.

The next spray should be carried out when the small shoots are about 4 inches long.

The 3rd spray should be applied when the flowers first appear. This is a very important spray, as should the tiny fruits be infected at this stage, they will fall.

Remember also that different varieties flower at different times. Some are early, some late.

If there is to be a party for the children this year YOU will be needed to attend the AGM so that a working committee can be formed.

It is hard work on the day of the party but well worth the effort when the end result is apparent.

There would be a lot of disappointed kids if the party did not even-
